Our School

Our Lady of Fatima School serves students of diverse socio-economic and ethnic backgrounds. Through word and example, we give our students the knowledge, skills, and values to further the Catholic ideals of faith, service, peace, and justice. As a faith-filled and diverse community, we teach our students to embrace differences and to love and serve God and our neighbors. With our parents, who are the primary educators of our children, and guided always by the Gospel message, we strive to fulfill the needs of our students in all facets of their lives.
